

WZ1— Traffic Management Plan Designer REFRESHER Course

Course Length: 1 day

Course Times: 8.00am to 4.00pm

Fee for Service: One day \$900.00 per participant

Competencies: **National Course: RIICWD503D** Prepare Workzone Traffic Management Plan
After successful completion of assessments the participant will be provided with a Certificate of Conversion Refreshment training. This can be produced to any Motor Vehicle Registry (MVR) office to be issued with a personalized ID Card which is valid for a period of three years.

Course overview

Worksite traffic management is the management of traffic movement through or past a works area with a maximum of safety and a minimum of inconvenience for both the road workers and the road user. Good management is achieved through use of standardised methods, procedures and physical layouts for routine works situations and the adaptation of these standardised methods to more complex situations.

Dress

A minimum standard of Company Personnel Protective Equipment (PPE) and clothing fully enclosed footwear is required.

Pre course Preparation

- Current Northern Territory accreditation (WZ1)
Australian Drivers Licence

Key Topics - Updates on

- Plan for the preparation of Workzone traffic management plans
- Undertake the workzone management plan preparation
- Finalise preparation processes of workzone traffic management plan
- Support and review the application of workzone traffic management plan

Assessments

All students will be required to develop one Traffic Management Plan (TMP) complete with Traffic Guidance Scheme (TGS) including written activities throughout the training session.

On completion of this practical and theory workshop students may need to provide further work-based evidence in the form of One (1) Compliance Audit Check. Must be to Northern Territory Regulatory body criteria (WorkSafe) (DIPL Permit to Work) (AS1742.3 (2009))

Students will be **given one (1) month to submit** TMP. Extensions of one month will only be granted under exceptional circumstances at the discretion of Earthworks Training and Assessment Services. Assignments to be submitted in word format or PDF. Participants should retain a copy of what was submitted. Further information will be provided on registration.

This program will be delivered and assessed by Earthworks Training & Assessment Services Pty Ltd (Nat. Provider: 50590)
