

WZ1— Traffic Management Plan Designer

Course Length: 5 days
Course Times: 8.00am to approx. 4.00pm
Fee for Service: \$1495.00 per participant

Competencies: **National Course: RIICWD503D** Prepare Workzone Traffic Management Plan
After successful completion of assessments the participant will be provided with a Statement of Attainment. This can be produced to any Motor Vehicle Registry (MVR) office to be issued with a personalized ID Card which is valid for a period of three years.

Course overview

Worksite traffic management is the management of traffic movement through or past a works area with a maximum of safety and a minimum of inconvenience for both the road workers and the road user. Good management is achieved through use of standardised methods, procedures and physical layouts for routine works situations and the adaptation of these standardised methods to more complex situations.

Dress

A minimum standard of Company Personnel Protective Equipment (PPE) and fully enclosed footwear is required.

Pre course Preparation

It is strongly recommended that all participants have the following before attempting this course:

- Experience in traffic management or experience in road reserve construction or maintenance
- RIIWHS302D Implement Traffic Management Plan (WZ3)
- RIIWHS205D Control Traffic with a Stop Slow Bat (WZ2)
- Current Australian Drivers Licence
- Good computer skills (essential to complete this course)

Key Topics

- Plan for the preparation of Workzone traffic management plans
- Undertake the workzone management plan preparation
- Finalise preparation processes of workzone traffic management plan
- Support and review the application of workzone traffic management plan
- Compliance check - Auditing

Assessments

All participants will be required to write Traffic Management Plans (TMPs) and design Traffic Guidance Schemes (TGS) including completing various activities throughout the training session.

Participants need to provide work-based evidence in the form of Two (2) TMPs (One Non Complex) and One (1) Complex TMP post course if not completed during the training session.

Students will be **given one (1) month to re-submit** TMP work based evidence. Extensions of one month will only be granted under exceptional circumstances at the discretion of Earthworks Training and Assessment Services. Assignments to be submitted in Word format or PDF. Students should retain a copy of what was submitted. Further information will be provide on registration.

This program will be delivered and assessed by Earthworks Training & Assessment Services Pty Ltd (Nat. Provider: 50590)
