**Course Content Background Information**

These Traffic Management Courses have been prepared based on the Resource Infrastructure Industry (RII) Endorsed Training Package Unit of Competencies, Northern Territory Work Health & Safety (National Uniform Legislation), Northern Territory Traffic Regulations 1999 Part 7 Miscellaneous 87A, Australian Standard Manual of uniform traffic control devices Part 3: Traffic control for works on roads (AS1742.3 2019), Austroads Guides to Temporary Traffic Management (AGTTM) Part 1 – Part 10 and DIPL Standard Specification for Roadworks and Civil Maintenance - Provision for Traffic.

**Course Prerequisites**

Evidence of meeting the individual course prerequisites is required at time of registration. Course confirmation cannot be confirmed until pre course evidence has been approved by ETAS Training Manager. Northern Territory Traffic Management training courses mandate as a minimum, a course participant must hold an Australian motor vehicle driver's licence and General Construction Induction Training card (NT White Card or interstate equivalent). Statements of Attainment for previously issued units of competency are to be provided and verified prior to the course date and Recognition of Prior Learning (RPL) may be offered.
